The Apple vs Epic Games trial, which took place in May and whose verdict is expected later this year, could wind up being just the first of many similar clashes. The court battle started last year, when Apple removed Epic's Fortnite from its App Store after the developer had engineered a system to prevent Apple from taking a 30 per cent commission on Fortnite sales to iPhone users. Epic's defence was couched in the language of worry about how Apple's behaviour could affect and shape an emerging Metaverse.

During a recent developer Q&A, Splitgate developers announced that they are working on an update that will bring Splitgate to Xbox Series X/S and PlayStation 5. We don't know much else at this point, and there is no release window announced, but we expect the Splitgate upgrade will have a smoother framerate than the Splitgate PS4 and Xbox One versions have currently. 1047 Games also mentioned possibilities of versions on Switch, Mac, and mobile, but the studio hasn't begun any work for such versions yet.

They don't have a clear schedule. It all happens random, and they are usually doing it through Roblox's social media. Just make sure you follow Roblox, and be ready to get new free stuff.

Bronstein says virtual fashion is "huge" within the Roblox community. "People can also be whoever they want to be on the platform, and this authenticity is an important part of their self-expression, be it in real life or in the Metaverse." He points to the recent Gucci Garden event, which saw a virtual bag eventually sell for around \$4,115. Its physical counterpart costs \$3,400. The bag cannot be transferred out of Roblox, suggesting that some users place primacy on how their avatars look over being able to flaunt these items in the physical world. Plenty of brands have started selling legally licensed digital product replicas, including Nike Air Max trainers and NFL merchandise.

Given that the Roblox audience of players tends to be younger kids, it's obvious why so many websites and downloadable browser extensions exist.

Over the last several years, there have been a lot of Roblox promo codes, and while some of them have obviously expired, there are still a surprising number of current and working offers available.

Players can only make this trade once per day, and hence it is a tedious method of collecting gems. Even a single premium ingredient costs a lot of gems, so don't expect the free method to be super beneficial. Unfortunately, this is the only method to get free gems in Roblox Wacky Wizards, That said, players can always buy gems from the store using real money.

Robux can be purchased directly from Roblox in three tiers, similar to the three tiers of a subscription to Roblox Premium. These are single-time payments, though, and can be a better option for those who don't want to commit to a recurring fee.

For any player that wants to redeem the promos, simply go to the Promo Code Redemption Page and enter the code in the "Enter Your Code" box. After a code has been entered, the player can find the redeemed item in the Inventory, within the category it belongs to. For example, a hat will be in the Inventory under Accessories. Now, here are all the August codes that players can use in the game, along with related rewards.

Players have Roblox avatars; they deck out with clothing, items, and other virtual items the game has to offer. Everything from the avatar shop within Roblox are bought using Robux, including:

What has made Roblox unique in its field has been the interplay between its enormous constellation of experiences and its personalised avatar system. When you enter any given Roblox world, the user does not assume control of a context-relevant character (think Sonic, Mario, or Lara Croft) but as your persistent, user-created avatar. A virtual You, effectively – whoever you've chosen to be. Add to that an attendant in-game economy which has sprung up to support this expression of identity, with all sorts of user-generated clothing, hairstyles, accessories and skins available to purchase in the platform's avatar shop. Roblox offers an opportunity, then, not just for play, but for digital-first designers and entrepreneurial retailers.

It's a sad but true fact that where there is money to make you will always find the worst kind of people and Roblox is no exception. There are lots of people out there who will try to gain access to your Roblox account through various means and attempt to make money from it.

It's a good way to spark creativity and make a little bit of spending currency on the side, too. If you make a particularly popular design the Robux will start to flow in before you know it.

Finally, there is a subscription method where you can select the price that is right for you. Once a month you will pay this amount and get the corresponding amount of Robux plus a little extra as you are a subscriber. You will also get a small Robux boost if you should choose to buy extra Robux whilst your subscription is active.

The games can vary massively in terms of quality and content and there appears to be very little quality control from Roblox themselves. This doesn't mean that all of the games are bad, there are thousands of amazing games to play on the platform but it can sometimes take a bit of digging to separate the good from the bad.

The games themselves are usually kid-friendly, although some can be scary, and the chat filters in every game do a great job of filtering out any language that could be deemed offensive for younger eyes.

These are all the active working Roblox promo codes as of July 2021:

You could set up a private party in Roblox's dedicated space, which can almost feel like a virtual rave. But I'd expect that more Roblox birthday parties look like a bunch of friends opening up the app, partying up, and just jumping from game to game and world to world right from the launcher. In the span of an hour, you can hop through all kinds of different experiences because the app loads everything really quickly, which means it's pretty easy to replicate the chaotic energy of a real kids' birthday party.

This way, you can obtain all the Robux you need at no extra cost!

There are also lots of game-specific scams out there especially in the bigger games such as Adopt Me. All of the major games do their best to combat scammers but the key thing to learn here is that if something seems too good to be true then it probably is and should be avoided. Make sure you educate your kids about scammers and they should remain safe and happy.
